Traditional Bridle MK 1

The Traditional Bridle is unique to Nungar Knots constructed from 6mm diameter double braided polyester yachting rope, which is spliced rather than knotted together. The bridle is lightweight but strong and sits flat on the horse's head, with the same adjustments as a normal leather bridle. This is a very durable product that is currently being used by all disciplines of the equine industry, from dressage masters and eventers for training, campdrafters, endurance, pleasure etc.

Available in Pony, Cob, Full and draft.

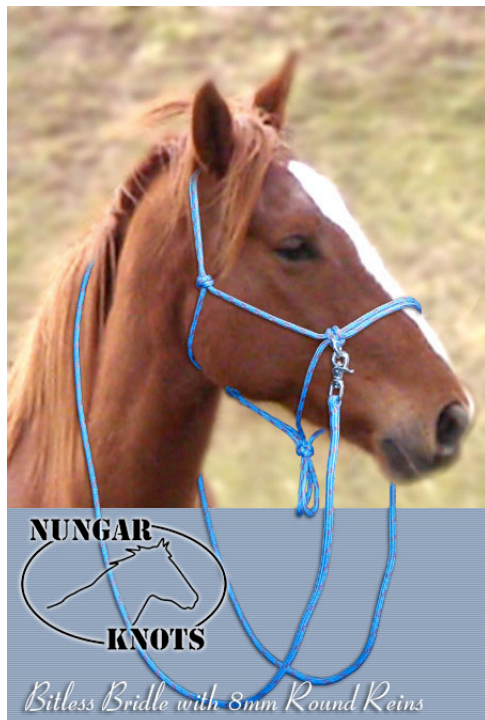

Colours: Solid Black / Black with Red Fleck / Blue With Red Fleck / Green With Gold Fleck / Hot Pink With Purple Fleck / Solid Purple / White With Red Fleck / White With Blue Fleck.

Gags

The MK 2 Gag Bridle is made with a combination of 8mm and 6mm yachting rope. The MK2 is constructed such that you attach reins of your choice through an eye splice at the end of the cheek straps.

The MK 3 Gag Bridles are made from a combination of 6mm and 8mm yachting rope, with 8mm reins built into the bridle.

The Bitless Bridle

The Bitless Bridles or Side Pulls are constructed from 6mm diameter double braided polyester yachting rope. Made to the same proportions as the Nungar Knots headstalls with the addition of high quality stainless steel rings strategically placed, off your horses face in the headstall nose knots, thus allowing the rider the convenience of either riding with the reins attached at the side of the horse's head for greater control, or attached under the chin as with general rope headstalls. The Fidor knot (under the chin) in all of the Nungar Knots bitless bridles and Headstalls have been mechanically tightened to reduce the risk of loosening. This is paramount especially when riding with the rings in the bitless bridle. This very strong, versatile product complements the 8mm round rein.

Sizes: Pony, Arab, Cob, Full and Draft.

Colours: Black / Black with Red Fleck / Blue With Red Fleck / Green With Gold Fleck / Hot Pink With Purple Fleck / Solid Purple / White With Red Fleck / White With Blue Fleck.

Flat Reins

The flat reins are constructed from single braided polyester (The same material used in the sheath of double braided yachting rope), which are a 2 meter split rein with high quality stainless steel trigger clips. Allowing easy connection and disconnection from the bit, they also have high quality leather poppers at the other end. These reins are soft and sit flat in your hands, and are a great general purpose rein, especially in wet weather.

Sizes: flat x 2m split...Black only

Yachting Rope Reins Stainless Steel

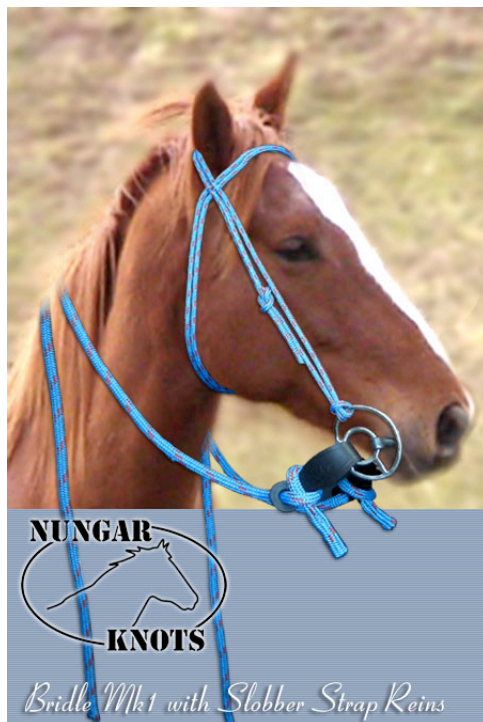

These reins are constructed from double braided polyester yachting rope 12mm in diameter.

These split reins are 2 meters in length with high quality stainless steel trigger clips for convenience when connecting and disconnecting from the bit and high quality leather poppers at the other end. A great general purpose rein
Sizes: 12mm x 2m split

Colours: Solid Black / Black with Red Fleck / Blue With Red Fleck / Green With Gold Fleck / Hot Pink With Purple Fleck / Solid Purple / White With Red Fleck / White With Blue Fleck.

Yachting Rope Reins Slobber/Dribble

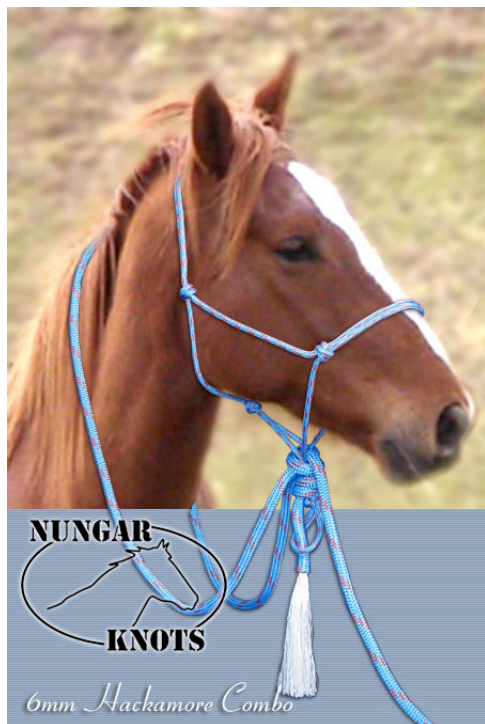

These reins are constructed from either 12mm or 14mm diameter double braided polyester yachting rope, 2 meters in length this split rein has high quality leather Dribble bit attachments for the 12mm rope and high quality leather slobber bit attachments for the 14mm rope and quality leather poppers at the other end. A great alternative for the rider who prefers the lack of hardware.

Sizes: 14mm x 2m and 12mm x 2m split bit attachments included

Colours: Solid White avail in 14mm Only /Solid Black / Black with Red Fleck / Blue With Red Fleck / Green With Gold Fleck / Hot Pink With Purple Fleck / Solid Purple / White With Red Fleck / White With Blue Fleck.

Yachting Rope Reins Macate

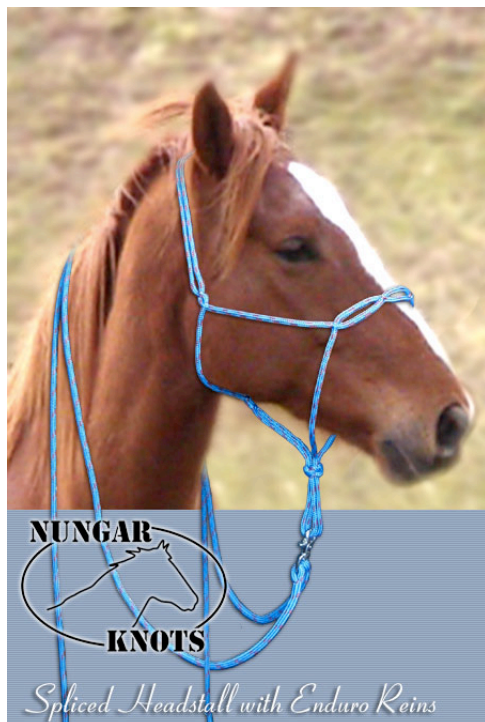

The macate rein is constructed from 12mm or 14mm diameter double braided polyester yachting rope this rein consists of a continuous 22' (6.7 meters) length of rope coupling as a round rein with a 12' (3.6 meters) lead rope coming from the near side. The macate rein can be used on a natural hackamore or a traditional bridle. Leather bit attachments included, dribble straps for 12 mm diameter rope or slobber straps for 14 mm diameter rope.

Sizes: 14mm x 22' and 12mm x 22' bit attachments included

Colours: Solid White avail in 14mm Only
Solid Black / Black with Red Fleck / Blue With Red Fleck / Green With Gold Fleck / Hot Pink With Purple Fleck / Solid Purple / White With Red Fleck / White With Blue Fleck.

Yachting Rope Enduro Reins

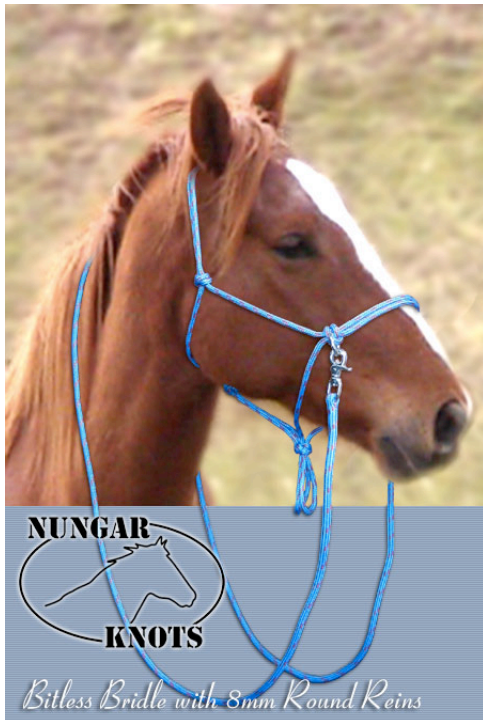

Enduro reins are constructed from double braided polyester yachting rope 8 mm in diameter, these split reins are 2 meters in length with both reins connected to the one high quality stainless steel trigger clip, this light weight rein has been designed for riding in the headstall, which connects easily to the lead loop of the headstall, giving the rider the extra security of two reins but with only the one piece of hardware great for endurance riding, pleasure riding the list is endless.

Sizes: 8mm x 2m split

Colours: Solid Black / Black with Red Fleck / Blue With Red Fleck / Green With Gold Fleck / Solid Purple / White With Red Fleck / White With Blue Fleck.

Yachting Rope Round Reins

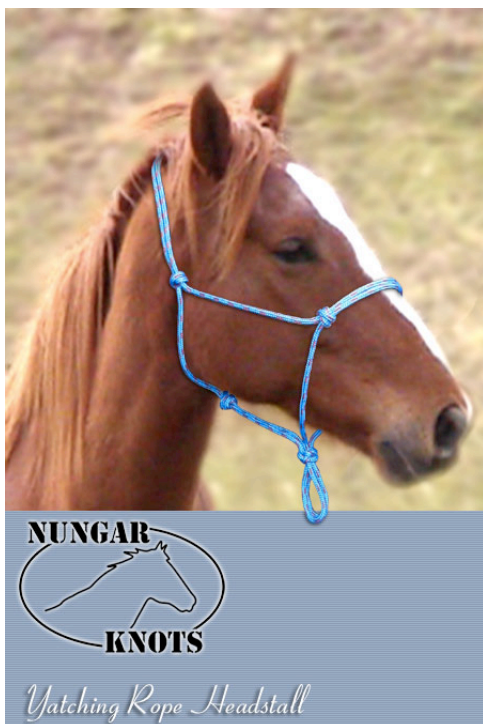

The round rein has been constructed from double braided polyester yachting rope in a 8mm diameter. Reins are 3 meters in length with high quality stainless steel trigger clips at both ends. This round rein was designed to complements the bitless bridle, but may be used on the traditional bridle or a rope headstall.

Available in 8mm x 3m or 12mm x 3m Round

Colours: Solid Black / Black with Red Fleck / Blue With Red Fleck / Green With Gold Fleck / Solid Purple / White With Red Fleck / White With Blue Fleck.

Headstalls Yachting Rope Knotted

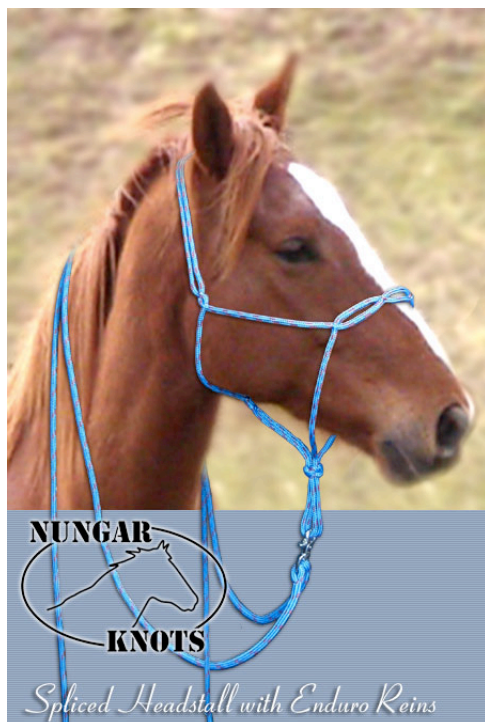

The Knotted Yachting rope Headstalls are constructed from double braided polyester yachting rope in ether 6mm or 8mm diameter rope. These very high quality headstalls are manufactured to strict guidelines to assure the high quality standard of materials and craftsmanship are maintained as with all the Nungar Knots range. The main feature of the Nungar Knots range of headstalls is the mechanically tightened Fiador knot (knot under the chin) to reduce the risk of loosening. True sizing has been used to ensure the headstall size will match the size of the horse i.e. The fulls are big to fit a true full size horse.

Size: Mini, Foal, Pony, Arab, Cob, Full & Draft

Colour: Solid Black / Black with Red Fleck / Blue With Red Fleck / Green With Gold Fleck / Hot Pink With Purple Fleck / Solid Purple / White With Red Fleck / White With Blue Fleck.

Headstalls Yachting Rope Spliced

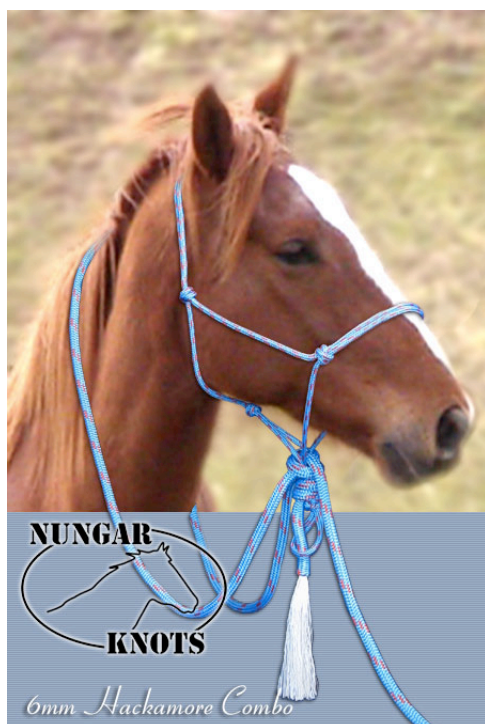

The Spliced Yachting rope headstalls are constructed from double braided polyester yachting rope in a 6mm diameter and are manufactured to exactly the same standards as the knotted headstalls minus all the knots with the exception of the Fiador knot (knot under the chin) the rope is stylishly spliced together where the knots would normally be placed. Giving the headstall a very show like quality though still maintaining a high strength product.

Size: Mini, Foal, Pony, Arab, Cob, Full and Draft

Colours: Solid Black / Black with Red Fleck / Blue With Red Fleck / Green With Gold Fleck / Hot Pink With Purple Fleck / Solid Purple / White With Red Fleck / White With Blue Fleck.

Natural Hackamore Macate Rein Combo

The Natural Hackamore Combos are constructed from Double Braided polyester yachting rope with the headpiece manufactured from 6mm diameter rope in much the same manor as the standard rope headstall, with extra length under the chin to allow the Macate reins to be connected without losing the proportions or the placement of the nose knots on the pressure points. The Fiador knot (under the chin knot) is mechanically to reduce the risk of loosening The Macate reins are constructed from ether 12mm or 14mm diameter rope 22' (6.7m) in length, coupling as a set of round reins with a 12' (3.6m) lead coming from under the chin on the near side. The hackamore is used in a wide range of disciplines and is a very versatile practical product

Size: Pony, Arab, Cob, Full and Draft

Colours: Solid Black / Black With Red Fleck / Blue With Red Fleck / Green With Gold Fleck / Hot Pink With Purple Fleck / Solid Purple / White With Red Fleck / White With Blue Fleck. Solid White in 14mm only

Budget Polypropylene Headstalls

These knotted headstalls are constructed from a budget single braided polypropylene rope this product is a quality budget headstall crafted in the same manor as the yachting rope headstall. Also with the fiador knot mechanically tightened, will give many years of enjoyment

Size: Mini, Foal, Pony, Arab, Cob, Full and Draft
Colours: Black / Royal Blue / Dark Green / Silver / Gold / White / Red / Burgundy.

Suityaself Leads

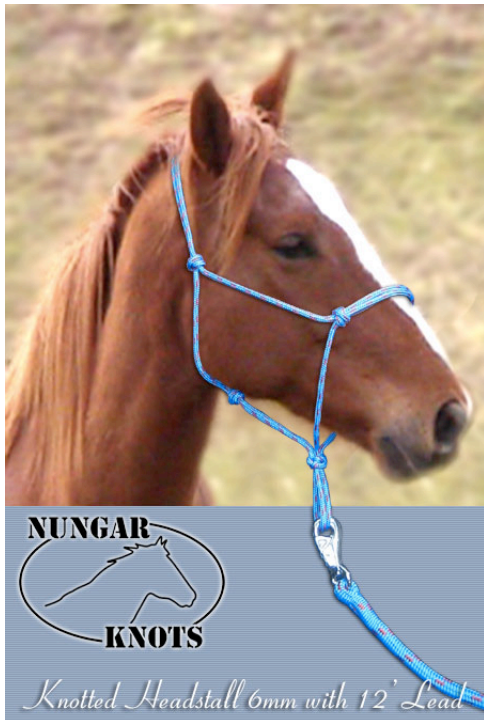

The range of Suityaself leads have been constructed from double braided polyester yachting rope in 12mm and 14mm diameters in ether lengths of 12' (3.6m) or 22' (6.7m) The word suityaself is self explanatory as the handler can suit them selves what they do with this lead. The clip can be removed completely allowing the rider to attach the lead directly to the headstall. The Clip can remain on or be exchanged at any time with ease. This very versatile lead can be use in every discipline of the equine, k9, bovine and ovine industry.

Size: 12mm x 12' (3.6m), 12mm x 22' (6.7m),
14mm x 12' (3.6m) or 14mm x 22' (6.7m)
Quality Cast Bull Clip included

Colours: Solid White avail In 14mm Only
Solid Black / Black With Red Fleck / Blue With Red Fleck / Green With Gold Fleck / Hot Pink With Purple Fleck / Solid Purple / White With Red Fleck / White With Blue Fleck.

Training Leads

The range of training leads have been constructed from double braided polyester yachting rope in 12mm and 14mm diameter, in lengths of 12' (3.6m) or 22' (6.7m). With a very high quality neatly manufactured Bull Clip attached at one end and a quality leather popper at the other end. This lead was accentually used for re-educating or training young horses using the Natural Horseman ship method, though is now being widely used by the handler that is looking for a high quality very strong lead rope in all methods of training.

Size: 12mm x 12' (3.6m), 12mm x 22' (6.7m),
14mm x 12' (3.6m), 14mm x 22' (6.7m)
Cast Bull Clip, Brass Bull Clip or Stainless ring

Colours: Solid White avail In 14mm Only
Solid Black / Black with Red Fleck / Blue With
Red Fleck / Green With Gold Fleck / Hot Pink
With Purple Fleck / Solid Purple / White With
Red Fleck / White With Blue Fleck.

Training Arm

The Training Arm is constructed from a nice deep red rod with a high quality black leather flapper at one end and a neatly fitting rubber grip at the other end. The Training Arm is used as an extension of your arm when desensitising jumpy or young horses. Can be used with a bag or flag attached to the leather end. Complements the Nungar Knots Working Line.

Available in size Adult, Child (3/4)
Red or Black rod with Black fittings

Working Line

The Working Lines are constructed from double braided polyester yachting rope in 6mm diameter, in a length of 6' (1.8m) with a neat eye splice at one end and a quality leather popper at the other end. The working Line has a million and one uses. Fits neatly onto the Training Arm for further extension of your arm. Can be used on some pressure points of your horse (refer to a qualified trainer), The Working Line can also be used as a light lead or tie up rope. The list goes on.

Size: 6mm x 6' (1.8m)

Colours: Solid Black / Black with Red Fleck / Blue With Red Fleck / Green With Gold Fleck / Hot Pink With Purple Fleck / Solid Purple / White With Red Fleck / White With Blue Fleck.

Show Cattle Stick

The Show Cattle Stick has been constructed from a deep red 9mm rod with a quality stainless steel tickler at one end and a neatly fitting rubber grip at the other end. Use by Cattle handlers for training and presenting in the show ring.

Size: 1.25m

Colour: Deep Red Rod With Black handle and Stainless Steel Tickler
